

Our quality policy

We never compromise on quality

This means:

- /// We assure the fitness for use of our products and the quality of our services in the interest of customers, patients and stakeholders
- /// Quality applies to every employee and all our activities
- /// Every employee is responsible for complying with the regulatory and company standards applicable to their function
- /// Every employee is expected to notify appropriate personnel of non-conformity issues
- /// We establish and review quality objectives, which are approved by the Chief Executive Officer
