

LABSIDE compatibility list

Our libraries are compatible with CAD software : Exocad®, 3Shape® .

They can be downloaded from www.anthogyr.com section DIGITAL / LABSIDE.

Before any installation, it is important to identify :

- . The CAD software and its version,
- . The component references for Axiom® BL and Axiom® TL
- . The scanning accessories

Before any installation, it is important to uninstall previous versions of libraries that are no longer useful.
