

Passion for Precision

MEDENTiKA® has become synonymous with the successful development of high-quality products in dental implantology. With a determined, dynamic team, we have been meeting the challenges of this rapidly growing market for over 15 years. Our products are continuously, innovatively developed, manufactured in Calw, Germany, and sold to more than 50 markets worldwide. The world is growing together, we are all connected and you are in the center of it.

*„Knowledge and experience are not enough.
If you want to make a difference, you need passion.“*

We are looking for you as our new

Digital Learning Manager - Global Education (m/f/x)

Your tasks:

- You will be responsible for the didactic conception of training events/content in line with the target group.
- You will be responsible for the didactic and neuroscientific migration of various AV/multimedia productions and learning and communication events
- You are responsible for the creative planning, supervision and scripting of complex projects
- You act as a liaison between clients and production team and contact person for internal clients
- You support the implementation of digital learning content and strategies
- You will develop new digital learning concepts (gamification, VR/AR, etc.) as well as e-learning content in close collaboration with subject matter experts
- You evaluate and define technical frameworks for the implementation of media content/projects
- You will plan the strategic direction of various learning methods, as well as evaluate new innovative techniques for learning delivery
- You are responsible for budget planning, action planning, implementation and evaluation of all digital training activities internally as well as customer training activities.

Your profile:

- You have a degree in media education, media and education management, media pedagogy, film/studio production and multimedia documentation or a comparable degree program
- You have already gained experience in the conception of complex film and studio productions, as well as online training events or alike.
- You have strong conceptual/textual/didactic skills and the talent to prepare specialized information in a target group-specific way
- Ideally you have Experience in the field of dentistry
- Experience in the use of authoring tools (e.g. Articulate Storyline, etc.) is an advantage but not a must
- Your strengths are a customer-oriented approach, ability to work under pressure and team spirit
- You are a well organized and structured individual with strong results orientation
- Fluency in written and spoken English is a must, German and other languages are an advantage

What can you expect from us?

- An agile and ambitious environment
- Being part of our dynamic inspired and engaged team and join our inspiring global community
- Open, friendly colleagues who collaborate and support each other
- The freedom to create and engage
- An employer who invests in our inspiring corporate culture.
- The opportunity to develop yourself as a person and in your career. We grow.
- Competitive & fair compensation and benefits

All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, or disability.

We look forward to your application!

Please send us your cover letter, résumé and certificate to job@medentika.de
