Neodent® packaging has been specially updated for easy handling. The implant's features, such as type, diameter and length, are identifiable on the outside of the packaging.

Three self-adhesive labels are provided for recording in the patient's medical records and for reporting to the prosthesis team. They also allows traceability for all articles.  
Neodent® provides an on-line platform designed to provide quick and practical use of its own products instructions: the e-IFU (Instructions For Use) website.
