Expert Inventory Control  
the Way You Need it!

# ZIMBIS TOWER

Inventory Management has never been easier.

Straumann® is the provider of Zimbis cabinets, a consignment model, state-of-the-art inventory management solution. The Zimbis cabinet provides security, mitigating the risk of theft, damage and misplacement of inventory and superior organization of Straumann products within the surgical office. The Zimbis Cabinet integrates with Straumann Group's SAP platform for easy replenishment, and helps the bottom line of practices through improved cash flow and supply chain efficiency.

# FIVE REASONS

your office needs a Straumann Management Cabinet

SCAN HERE

1

## CONTROL

Only authorized staff members can access the Straumann cabinet. This ensures accountability around the management of dental implants and prevents the potential for misplacement, misuse, or theft of implants.

2

## EXTRA FUNDS

Frees up that extra cash for other revenue generating investments. Having two to three weeks' worth of inventory on hand is a healthy level for any dental office. This ensures the dentist doesn't have high holding costs and frees up that extra cash for other revenue generating investments like a 3D printer or scanner from Straumann.

3

## BYE, BYE MANUAL PROCESSES

The dental staff no longer need to manually count or manually order dental implants. The Straumann cabinet automates these processes. That frees up the dental staff and makes them more efficient so they can use those time savings for other tasks within the dental office.

4

## RIGHT PRODUCT, RIGHT PLACE, RIGHT TIME

Always having the proper implant inventory on hand ensures the doctor can do what they need to do for every patient every day. That prevents costly reorders or reschedules, and always creates a great experience for the patient.

5

## CENTRALIZATION

Having visibility to all implants stored within the Straumann cabinets leads to healthier inventory.

"ZIMBIS HELPS MAKE SURE WE HAVE WHAT WE NEED FOR EVERY SURGERY BY KEEPING ALL OF OUR IMPLANTS IN STOCK. IT'S A GREAT INVESTMENT FOR ANY DENTAL OFFICE THAT PLACES STRAUMANN IMPLANTS."

*Dr. McAllister Owner, Periodontal Associates - Beaverton, OR*
