- Compare a patients scans taken over time for a visual of actual change in dentition

CARIES DIAGNOSTIC AID*
The world’s first intraoral scanner with digital detection of possible surface and interproximal caries** without the need for an additional scanning device.

SMART TIPS
New generation of tips with instant-heat technology so you are scan-ready in seconds, and enabling 30% additional battery life. Plus a dedicated tip to aid the detection of interproximal caries.**

* Caries diagnostic aid not cleared by the FDA for clinical use in the US.
** Detection aid of possible interproximal caries using infrared scans coming soon.
3Shape TRIOS® Design Studio Solution

OPEN, SIMPLE AND FLEXIBLE SAME-DAY DENTISTRY
Add 3Shape TRIOS Design Studio® to your 3Shape TRIOS® intraoral scanner and get a complete same-day dentistry CADCAM solution that lets you easily design and mill in your own practice. Scan and create crowns, inlays, onlays, veneers and implant crowns with a direct connection to Straumann® CARES® C series in a step-by-step workflow. In addition, you have the “send-to-lab” option for more advanced indications.
