

CARES® Integrated Digital Solutions 3Shape TRIOS Design Studio

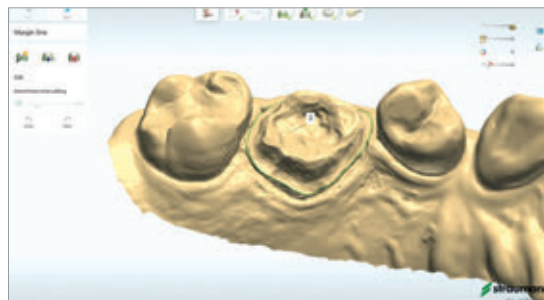

3Shape TRIOS Design Studio

Open, simple and flexible same-day dentistry

Add 3Shape TRIOS Design Studio® to your TRIOS intraoral scanner and get a complete same-day dentistry CAD/CAM solution that lets you easily design and mill in your own practice. Scan and create crowns, inlays and veneers with a direct connection to Straumann® CARES® C series in a step-by-step workflow. In addition, you have the “send-to-lab” option for more advanced indications in the same software platform, enabling you to choose the workflow that best suits you and the patient.

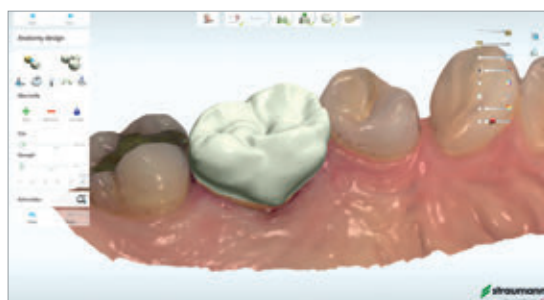

Software does the designing for you

- Auto trace margin line
- Auto-restoration design
- Check contacts

Why choose TRIOS Design Studio

- Place restorations in one appointment
- Easy to follow step-by-step workflow
- Design where and when you want – directly on the TRIOS scanning station or on any pc in the practice.
- Send files directly to Straumann® CARES® C series or other mill.
- Digitally connect with labs to optionally send advanced cases

Integrated workflow with C series

3Shape TRIOS Design Studio is seamlessly connected with Straumann® CARES® C series. It automatically orients and decides where to attach the restoration to your material block. The connection has been thoroughly tested and validated for materials and indications, and to mill you simply click “produce”.
