## DR. BIRGITTE SKADBORG

### ABOUT THE SPEAKER:

Birgitte Skadborg, owner of Brædstrup Implantat Center, dentist, and Chief Dentist at O Dental. O Dental is the Danish part of the large organization Oris Dental started in Norway. Birgitte Skadborg is one of the driving forces behind Brædstrup Implant Center and has worked dedicatedly with dentistry, implantology, and oral rehabilitation since 1995. She has been teaching at the University of Aarhus for many years, and graduated from the same university in 1995. She is an ITI Fellow, a part of the leadership team ITI of Denmark, an active educator and mentor, and a prominent voice in both the clinical and academic sides of the profession. Birgitte Skadborg has particular expertise in implant treatments, surgery, prosthetics, and cosmetic dentistry – and she meets every patient with extensive experience, thoroughness, and a personal approach. She is one of the most experienced dentists in Denmark regarding Hybrid Denture treatments and has been working for many years with both Locator and Novaloc treatments as well as fixed solutions. In addition to her clinical work, she serves on O Dental's Advisory Board, member of the leadership team of O Dental Denmark, member of the Danish and the Nordic Academy for Oris Dental and is Chief Dentist for O Dental and is recognized as an external consultant for the Innovation Fund, as well as an external examiner at dental schools across Denmark. At Brædstrup Implant Center, Birgitte Skadborg leads a strong team – with everything under one roof.
