Speaker: John Aiken

John Aiken has been involved in dentistry from a very young age, the son of a dental technician and dental laboratory owner, John worked as a technician in the UK for seventeen years and took over the dental laboratory from his father.

After a short break from dentistry working in the Pharmaceutical industry John returned to his roots starting as a Nobel Biocar Procera representative, where his passion for Digital Dentistry started. John then moved on to managing an implant team with Straumann UK and then managing the UK Etkon Digital team. An opportunity then came up working with the Biomet 3i and Renishaw digital teams on the '3i Incise' project and also running Biomet 3i UK.

In November 2015 John returned to the Straumann Group and now works as a Business Development Manager for Intradent.

Speaker: Joe Bhat

Joe Bhat qualified in 1992 in Oral and Maxillofacial Surgery. Then he undertook a three-year full time specialist-training program in Prosthodontics at the London Dental School in 1998. This culminated in a Master of Clinical Dentistry from the University of London and Membership in Restorative Dentistry from the Royal College of Surgeons, Edinburgh in 2001.

Joe is currently an Honorary Visiting Professor at MM University, India. His clinical time is spent as a private referral practitioner at the Moor Park Specialist Dental Centre of which he is the principal and founder. He is currently a Fellow of the International Team for Implantology (ITI), Fellow of the International College of Dentists (ICD), Examiner for the Royal College of Surgeons, Edinburgh for the Diploma in Implant Dentistry and Examiner for the General Dental Council and runs his own implant training and mentoring program for dentists in the London area.

About Neodent

From April 3, 2018, the Straumann subsidiaries of Sweden, Norway and Finland will operate under the umbrella brand Straumann Group. This means that we will, in addition to the Straumann brand, also be able to offer Neodent implants & prosthetics as an affordable solution for more patients. Neodent was founded in 1993 and is the leading dental implant company in Latin America. It is one of the fastest-growing international dental implant brands and sold more than one million implants in 2017.

Neodent places considerable importance on education and training with the aim of ensuring quality treatment standards and patient care. It does this through the ILAPEO (The Latin American Institute of Dental Research and Education), one of the largest dedicated implant training centers in the world, offering courses to thousands of participants from all over the world each year.
