Invitation to Straumann STARconcept™ in Groningen, Netherlands

We would like to invite you to a unique course in collaboration with Buijs Academy in Groningen!

Discover how to efficiently apply the complete digital workflow in the dental practice – from diagnosis to treatment. During this two-day course, you will learn to work according to the STARconcept™ and gain insight into how digital tools can enhance your treatment planning and communication with patients.

On Day 1, 29 May, you will attend a unique live surgery session with David Norré, during which the complete digital workflow is covered step by step: from diagnosis and planning to the execution of guided surgery.

On Day 2, 30 May, you will get hands-on experience during a hands-on session with Felix Brüll, Bram Boermans, and Jappe Buijs. You will learn practical skills using tools including Smilecloud, IOS scanning, Smile in a Box, coDiagnostiX, and the iGuide workflow. After this course, you will be able to:

- Understand and apply the STARconcept™
- Implement the digital patient workflow in your practice
- Execute the steps from diagnosis to digital treatment planning
- Work with Smilecloud and Smile in a Box
- Understand and apply the guided surgery workflow
- Perform practical work using intraoral scanners with the edentulous jaw.

An interactive course for dentists who want to further digitize their practice and plan and perform predictable implantological and aesthetic treatments.

Course: STARconcept, Digital Workflow & Guided Surgery in Practice

Location: Buijs Tandartsen, Heresingel 12, 9711 ES Groningen

Cost: € 1,299 excl. VAT per day

See the full program on the next page

- A hotel suggestion will be communicated, or can be done at own initiative.
- Lunch and dinner is covered.
- The majority is coming the evening before, the 28th of May.
