

General Terms & Conditions (GTC) of Straumann Ltd (trading as the Straumann Group)

Referred to in the GTC as "Straumann"

1. General provisions, scope, other provisions

1.1. We are Straumann Limited ("Straumann"), a company registered in England with company number 02646013 and whose registered office address is 10 Finsbury Square, London, United Kingdom, EC2A 1AF. These GTC apply only to transactions with Straumann. Separate terms will apply when dealing with a different Straumann entity or group company.

1.2. Straumann's quotations, deliveries, and other obligations shall be provided exclusively in accordance with these GTC. Straumann does not recognize contrary or different Buyer terms not contained in Straumann's GTC unless Straumann has agreed to any such terms in writing. This also shall hold true if, in knowledge of Buyer terms contrary to or different from this GTC. Straumann performs a delivery to the Buyer unconditionally.

1.3. This GTC shall apply only to business customers, being those of commercial or independent professional activity and to legal entities under public law or a special fund under public law ("Buyer"), who have opened a customer account with Straumann. It shall not apply to consumers, being an individual acting for purposes that are wholly or mainly outside that individual's trade, business, craft or profession ("consumers").

1.4. Regarding third-party software from licensors or manufacturers other than Straumann itself, any of the respective manufacturers or licensor's own licensing terms shall take precedence to anything inconsistent in these GTC and shall apply in addition to these GTC, where applicable. Straumann shall make the respective manufacturers or licensor's licensing terms available to the Buyer upon request prior to formation of the agreement.

2. Formation of the agreement, proviso on changes, documentation

2.1. The agreement shall be formed only when Straumann confirms the Buyer's order is accepted in writing or begins to process the order. Ancillary agreements, oral declarations by staff or representatives, and changes to confirmed orders (including changes in delivery items) must be confirmed in writing by Straumann in order to be effective.

2.2. Straumann reserves the right to make changes in design and materials relative to the product description in the catalogue, to reflect changes in relevant laws and regulatory requirements or to implement technical adjustments or improvements provided that the contractually stipulated use of the goods is not substantially impaired or materially adversely affected and the Buyer can reasonably be expected to accept the change.

2.3. Straumann retains all rights of ownership, copyrights, and industrial property rights (including the right to apply for such rights) to cost estimates, images, drawings, and other documentation; such documentation may be made accessible to third parties only with the prior written permission of Straumann.

3. Delivery period, proviso on obtaining delivery separately, Buyer's inability to perform, default of acceptance.

3.1. Delivery deadlines or dates shall be agreed to as binding between the parties only if they are set forth in writing upon formation of the agreement and otherwise the time of delivery is not of the essence. If a binding delivery deadline has been agreed to, the delivery deadline period shall begin on the date of order confirmation by

Straumann, but not until the particulars of the desired execution to be specified by the Buyer have been fully clarified. The delivery deadline shall be considered met if the circumstances effecting the transfer of risk pursuant to section. 4.1 have occurred within the stipulated time. Apart from this, the delivery deadline shall in each instance be met only if the Buyer's duties and obligations are duly satisfied in a timely manner. Straumann reserves the right to refuse performance if the Buyer does not satisfy their contractual duties.

3.2. The delivery period shall be extended-even in the case of default-adequately in the event of force majeure or any

unforeseeable impediments occurring after formation of the agreement for which Straumann bears no responsibility, if such impediments demonstrably impact the rendering of the performance owed. The same shall hold true if such circumstances arise with upstream suppliers. Straumann shall inform the Buyer of the beginning and end of such impediments as soon as possible. If the impediment continues for longer than three months or if it is clear that it will continue for longer than three months, both the Buyer and Straumann can withdraw from the agreement.

3.3. Independently of section 3.2, if Straumann fails to deliver the goods, its liability shall be limited to the purchase price paid for the goods in question under an order. Straumann shall have no liability for any failure to deliver the goods to the extent that such failure is caused by a Force Majeure Event or the Buyer's failure to provide Straumann with adequate delivery instructions or any other instructions that are relevant to the supply of the goods.

3.4. If it becomes discernible after the agreement is entered into that Straumann's payment claim is jeopardized by the Buyer's inability to perform, Straumann shall be entitled to refuse its performance and its actions in preparation for performance. The right to refuse performance shall lapse if the payment is affected or security for it is provided. Straumann can set a reasonable deadline for the Buyer to pay or provide security. If the deadline passes without satisfaction, Straumann shall be entitled to withdraw from the agreement.

3.5. If the Buyer defaults on acceptance of the delivery items or with payment of the purchase price, Straumann can withdraw from the agreement and/or demand damages in lieu of performance after a reasonable grace period required by law and set by Straumann has expired without satisfaction. If a claim for damages in lieu of performance is asserted, Straumann can demand, without proof, compensation amounting to:

- a) 20% of the purchase price, if the delivery item is a serial or standard product and no situation pursuant to the following subsection b) is present, or
- b) 100% of the purchase price, if the delivery item has been rendered unusable by the Buyer's default of acceptance, or
- c) 100% of the purchase price, if the delivery item is bespoke or has been individually produced in keeping with the Buyer's wishes and Straumann has incurred expenses in order to ensure readiness to deliver.

Straumann reserves the right to claim further damages, if appropriate.

4. Delivery, dispatch, and transfer of risk

4.1. All shipments are made for the account and at the risk of the Buyer. Risk shall be transferred to the Buyer at the time when the shipment leaves Straumann's factory

or warehouse. This shall apply even if only partial deliveries are made in respect of that partial delivery. If dispatch is delayed owing to circumstances for which Straumann bears no responsibility, then the risk is transferred to the Buyer when notice is provided of readiness to dispatch.

4.2. Unless special arrangements are made concerning the shipping method, Straumann shall choose the shipping method at its own discretion, assuming no guarantee that its method will be the safest, fastest, or least expensive. Damage suffered during transport must be reported to Straumann and to the delivering carrier promptly and in writing, but no later than within five (5) days of completion of delivery.

4.3. Whenever Straumann is acting merely as reseller of products of other manufacturers or licensors and it has been agreed that the Buyer will collect the goods, Straumann will make the products available for collection in the respective manufacturer's standard packaging, without additional packaging for transport.

4.4. Partial deliveries and partial performance shall be permissible to a reasonable extent. Such permissible partial

deliveries and partial performance can be invoiced by Straumann individually.

S. Prices and payment

5.1. All prices are indicated in local currency and shall, for lack of a special agreement, be considered to be ex works or warehouse (EXW under incoterms 2020), plus packaging and shipping costs and other applicable tax.

5.2. The price shown in Straumann's written order confirmation or-if there is no written confirmation-the price shown in the customer price list (catalogue) valid on the date when the order is placed shall apply. The customer price lists produced by Straumann can be modified by Straumann at any time prior to an order being confirmed. It is up to the Buyer to obtain information from Straumann concerning the prices valid on the day on which the order is placed. Where Straumann has provided the Buyer with a quotation, such prices shall remain valid for the period of such quotation and if the order is placed after the quotation validity period, then the Buyer acknowledges that Straumann may adjust the price prior to the order.

5.3. In the absence of stipulations to the contrary, payments shall be due in full within 30 days of the invoice date. Payment shall be considered made when Straumann receives payment in cleared funds. If the Buyer defaults on paying for an earlier delivery, the invoice amount shall be payable in full immediately (invoice date), notwithstanding the first sentence.

S.4. All costs incurred in connection with payment, in particular bank charges and other fees in addition to value-added tax, shall be borne by the Buyer and due at the same time as payment.

S.5. If the Buyer defaults on payment, without limitation to Straumann's other remedies under the agreement, the Buyer shall pay interest on the overdue sum from the due date until payment of the overdue sum, whether before or after judgment. Interest under this section S.5 will accrue each day at 4% a year above the Bank of England's base rate from time to time, but at 4% a year for any period when that base rate is below 0%..

6. Retention of title and other safeguards

6.1. Straumann retains title to the delivered items until all claims, from the business relationship with the Buyer (including full payment of sums due and incidental

claims, such as interest) have been satisfied in full. If a cheque is accepted, satisfaction shall occur only when the check has been cashed and Straumann can dispose of the amount without third-party risks.

6.2. The Buyer may process the delivery items in the proper and ordinary course of business, resell them with retention of title, or use them in the course of rendering other contractual performance to third parties; however, it may not pledge them or transfer them by way of security.

6.3. If the Buyer defaults on payment or breaches other essential contractual duties, Straumann shall be entitled to take back the goods under reservation or, if applicable, can demand that the Buyer assign to Straumann his right to request return of the goods from third parties and/or shall hold any proceeds of sale of the goods on trust for Straumann until such time as the Buyer has paid all sums owing to Straumann in full and cleared funds. If applicable, Straumann shall be entitled to require the Buyer to enter the retention of title on the Buyer's asset register, at the Buyer's expense. In the absence of an express written declaration, exercising the retention of title and returning the goods shall not constitute withdrawal from the agreement. Straumann shall be authorized to generate income with the returned goods through sale, leasing, or any other means; any income generated with the returned goods shall be applied to the Buyer's debts, less reasonable administrative costs and amortization. The right to take back shall not extend to the portion of the goods for which payment has already been made (e.g., through an advance).

**General Terms & Conditions (GTC) of Straumann Ltd (trading as the Straumann Group)**

Referred to in the GTC as "Straumann"

6.4. The Buyer hereby assigns to Straumann the claim in the amount of the invoice value of the goods under reservation arising from an action deemed permissible in section 6.2 or on other legal grounds (e.g., event insured against, unlawful act). Straumann accepts the assignment. Straumann revocably empowers the Buyer to collect the claim assigned to Straumann in his own name and for Straumann's account. This collection authorization may be revoked only for objectively justified reasons, in particular if the Buyer fails to properly satisfy his payment obligations or an application has been filed to institute insolvency proceedings. In such a case, the Buyer must, upon demand by Straumann, provide the information concerning the assigned claims that is needed for collection, make relevant documentation available, and report the assignment to the debtor. The assignment of claim pursuant to the first sentence shall serve to secure all claims-including future ones-arising from the business relationship with the Buyer.

6.5. In the event of any attachment or pledging of goods by third parties, the Buyer must inform said third parties of the retention of title by Straumann and promptly provide Straumann with written notice thereof. If the third party is unable to reimburse Straumann for the court or out-of-court costs incurred through the legal measures taken against such an attachment or pledging, then the Buyer shall be liable for the loss that results for Straumann.

6.6. In the event that Straumann is required to enforce its rights under this section 6, Straumann shall be entitled to enter the Buyer's premises for the purposes of exercising its rights under this section 6.

7. Buyer's duty to inspect, notice of defects, rights in the case of material defects

7.1. In the case of a purchase that is a commercial transaction for both parties, the Buyer must provide written notice of any kind of visible defects-except hidden defects-within eight working days (Saturday shall not count as a working day) following delivery; otherwise, the goods shall be considered approved. Written notice of hidden defects must be provided within eight working days (Saturday and Sunday shall not count as a working day) following discovery; otherwise, the goods shall be considered approved in respect of such defects as well.

7.2. If a loss of or damage to the delivery items from delivery of the goods to the Buyer by the transport company is externally evident to the Buyer, it shall be up to the Buyer to have the transport company attest to the loss or damage (notice of loss) and notify Straumann of this promptly, attaching the attestation. The same shall apply if the Buyer discovers at a later time a loss or damage that initially was not externally evident.

7.3. If material defects are present in the goods (as determined by Straumann, in its discretion), Straumann shall have the option of remedying or curing the defect as subsequent performance or delivering new goods free of defects. If a defect is remedied, Straumann shall bear all expenses required to remedy the damage, in particular the costs of transport, unless such costs were incurred through dispatching the goods to a place other than the place of performance.

7.4. In the event of replacement delivery, Straumann can demand that the Buyer return the defective item in order to assess such defects or faults. If Straumann unable to undertake remedying/replacement delivery, in particular because remedying/replacement delivery is delayed beyond reasonable periods for reasons for which Straumann bears responsibility, or if remedying/replacement delivery in some other way fails at least twice, then the Buyer, if further attempts at subsequent performance are unreasonable for it, shall be entitled at his option to withdraw from the agreement or to reduce the purchase price. The Buyer can withdraw from the agreement in connection with a minor defect only with Straumann's consent. In any event, and in accordance with section 14.2, Straumann shall not be liable to the Buyer for any loss of earnings, loss of profit or other management time incurred as a result of this section 7.4.

7.5. Rights relating to material defects can arise only if the delivery item has a material defect upon transfer of risk (in particular defective execution, poor materials). There shall be no rights relating to material defects in the case of inappropriate or improper use or handling of the delivery item, natural wear and tear, or inappropriate conditions for use, etc.

7.6. The limitation period for material defect claims shall be one year from the transfer of benefit and risk. This shall not apply to death, bodily injury, or impairment of health or to cases of intent.

7.7. If the defective delivery item is a third-party product. Straumann shall be entitled to assign its defect claims against its upstream suppliers to the Buyer and refer him to Judicial recourse in connection therewith. Straumann can be held liable under sections 7.4-7.5 only if the claims against Straumann's upstream suppliers are unenforceable despite timely Judicial recourse or if recourse in the specific case cannot be reasonably expected.
